ICCB, Dhaka, Bangladesh

About MPS EXPO

Bangladesesh International exhibition on MPS Expo (Maritime Port Shipbuilding) is the largest commercial marine tradeshow on the South east asian countries. Serving all aspects of the market, including commercial vessels owners, commercial fishermen, Navy, Ship builders, ship building Equipments, ship repairs, Shipping, Logisitcs, boat builders and seafood processors, this annual event covers it all. If you make your living on the water, or provide services to those who do, this is your show.

You'll find it all here – equipment, gear, services, suppliers, new products and ideas – and with hundreds of suppliers you can negotiate face-to-face and side-by-side. And, while you're there catch up with friends and fellow mariners at the daily happy hour. MPS EXPO of (Maritime Port Shipbuilding Expo) is the only show dedicated to your region and your industry; it's your total ship building and boat solution.

Bangladesh Market

Shipbuilding industry has developed silently in Bangladesh. This industry has now started to see the light of hope. The goods and passengers carrying goods in Bangladesh are going to Denmark, Germany, and Poland. Other countries of the world have become interested in buying ships built in Bangladesh. The British Navy has built warships from Bangladesh. The shipbuilding industry of Bangladesh has already moved far ahead. The shipbuilding industry in Bangladesh has been in existence since ancient times. Shipbuilding industry started in our country between the 15th and 17th centuries. In 1806, the Chittagong Shipyard builds 1,000 tones of commercial merchandise ships.

At present there are about 200 shipbuilding companies in our country. Ships manufactured at these establishments are being exported abroad. According to the available information, the establishment of Khulna Shipyard in Germany was established in 1958. In 1957, the company started building ships entirely. Shipbuilding companies were established in 1979 for construction of vessels for the international market in Fatulla, Dhaka.

They are building ships with sophisticated technology. While China is top of the shipbuilding industry in the world, Bangladesh is reaching China in the shipbuilding industry. The workers wages in the shipbuilding industry are much lower than China, Korea and Japan. But Bangladesh's workers are very much ahead of the skill. The shipbuilding cost of the country's largest shipbuilding in the international market is 15% less than that of China.

Currently shipbuilding companies of Bangladesh are internationally contracted to build ships from different countries of the world. So far 250 million dollars have been signed. There is a demand of \$ 400 billion for international shipbuilding. In the way the country's shipbuilding industry is moving, the expectations that the shipbuilding industry will be placed after the garment industry in the list of export products of the country is not uncommon.

Exhibitor Profile includes but not restricted to...

- Marine Technology and Equipment
- Ship Building / Board Building / Shipyard Industry
- Dredging
- Ship Sections
- Ports, Port Equipment & Technology
- Maritime Services
- Shipyard Installation Equipment
- Instrumentation, Automation & Control
- Prime Movers / Propulsion Systems
- Ship Operations Equipment
- Cargo, Material Handling Equipment & Systems
- Offshore Technology
- Seaman Equipments
- Fire Fighting Hospitality & Safety Equipments
- Customs & Ware House Service Providers
- Navigation, Communication Equipments and Technology
- Anchors, Chains, Fittings, Bearings
- Aquaculture
- Buoys, Floats, Fenders
- Cleaning Systems
- Clothing, Boots, Gloves
- Cordage
- Deck Machinery
- Doors & Windows
- Electrical & Electronics Equipment
- Engine Rebuilding & Repair
- Engines, Auxiliary & Propulsion
- Environmental Services
- Filters, Filtration & Separation Systems
- Flotation Suits
- Foul Weather Gear
- Fuel & Lubricants
- Batteries, Chargers, Inverters & Generator Sets
- Gillnetting Supplies
- Heat Exchangers
- Hoses & Fittings Hydraulics
- Refrigeration, Freezing & Ice-making Equipment
- Insulation & Sound-proofing
- Interiors & Galley Equipment
- Lobster & Crab Traps, Gear, Supplies
- Marine Associations
- Monitoring & Alarm Systems
- Naval Architects, Permit & Vessel Brokers
- Oil Spill Control Equipment
- Paints & Coatings
- Processing, Packaging, Handling Equipments
- Propellers & Nozzles
- Pumps & Accessories
- Deck, Longlining, Safety & Survival Gear
- Training, Education & Publications
- Surveyors, Financial & Insurance Services
- Crane & Transportation Equipment
- Trolling Gear
- Watermakers

Buyers represent every facet of the commercial marine industry, including...

- Commercial Vessel Owners & Operators
- Passenger Vessel Owners & Operators
- Charter Boat Owners & Operators
- Shipyards, Commercial Ship Builders
- Recreational Ship Builders & Boat Builders
- Commercial Fishermen
- Seafood Processors
- Engineers & Architects
- Captains, Operators & Owners of Pleasure Yachts
- Equipment Manufacturers & Distributors
- Port Authorities & Port Engineers
- Harbor Masters
- Chamber of Commerce
- Marina Operators & Surveyors
- Marine Infrastructure Developers.
- Ceo & Logistics Managers Of Imports & Exports Companies
- Military Buyers & Government Officials
- Others Affiliated with the Marine Industry
- Offshore Technology for Exploration of Natural Resources
- Logistics Shipping Agents, C&f Agents,
- Shipping Administrators & Classification Societies
- Non-governmental Organisations
- Dredging
- Ship Sections
- Prime Movers / Propulsion Systems
- Ship Operation Equipment
- Bangladesh Navy & Coastguard Government Officials
- Oil & Gas Industry
- Maritime Educational & Training Institutes

Participation Charges:-

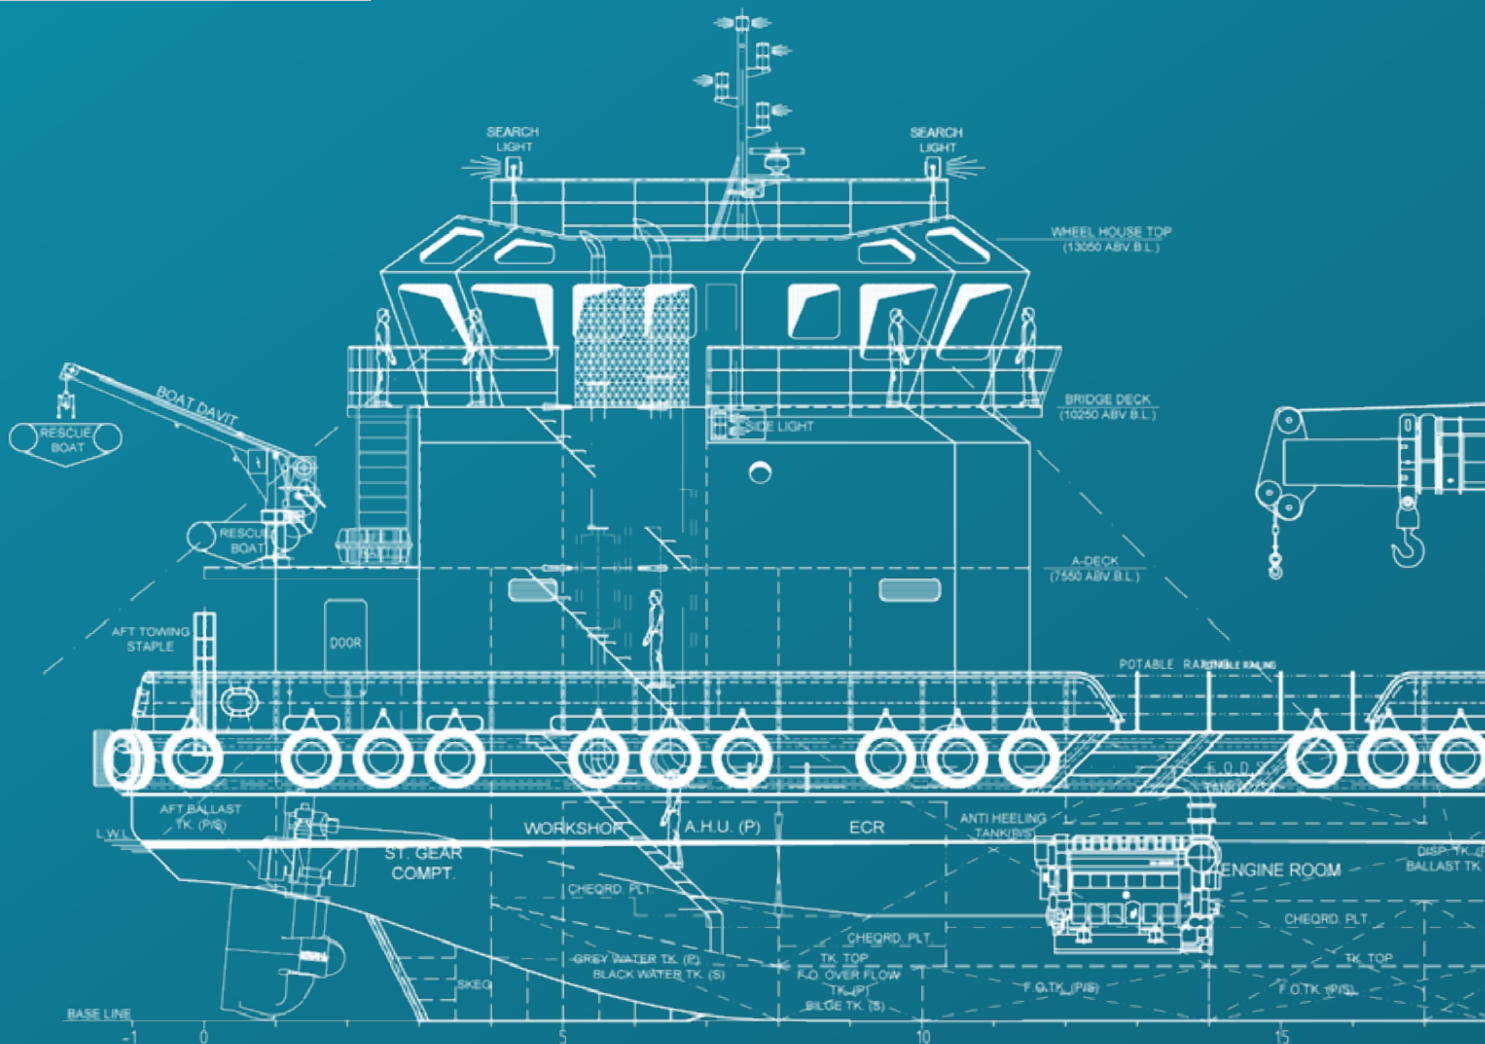

Package stand (Min. 9 sq.m),including :
 One package stand of 9sqm includes
 partitions, carpeted floor, single phase
 socket, fascia with company name, 01
 information counter, 02 chair, 01
 fluorescent tube, 02 Spot Lights, 01
 waste basket.

US\$ 400 per sqm. Minimum (9 sqm)
***15 % VAT Applicable**

Business Opportunities

- Ship Building Projects - Opportunity for Industries
- Showcase of latest products, machinery equipments & developments in the industry, for test marketing and generating business
- Supply of Plant Machinery, control equipments, projects services etc.
- Transfer of Technology, investment & joint ventures
- Locate quality distributors and agents for your products
- Reinforce your commitments to the market place
- Keep up to date what competitor or doing
- Generate sales leads at the highest level
- Interact with your market on a face to face basis
- Take advantage of ideal networking opportunities throughout the event.
